PROFESSIONAL SUMMARY

Motivated B.Tech Computer Science student with a strong foundation in Object-Oriented Programming, data structures, and web development. Proficient in C++, Python, Java, and JavaScript, with hands-on experience building responsive websites and a habit of practicing DSA and Agile-style collaborative workflows. Quick learner focused on writing clean, maintainable code and continuously picking up new tools through self-driven projects.

EDUCATION

ABES Engineering College, Ghaziabad — B.Tech in Computer Science *Oct 2024 – Sep 2028*
CGPA: 7.76

Sri Sai Inter College, Lakhperabagh, Barabanki (UP Board) — Class 12th, Science, First Honours (384/500) *2022*
Mohar Kali Inter College, Gokula Arkuna, Ayodhya (UP Board) — Class 10th (490/600) *2020*

TECHNICAL SKILLS

Programming Languages	*C, C++, Java, JavaScript, Python*
Core Concepts	*Object-Oriented Programming (OOP), Data Structures & Algorithms*
Practices	*Agile/Scrum (academic exposure), Manual & Unit Testing*
Frameworks & Libraries	*React, Next.js*
Tools & Platforms	*Git, GitHub, GitHub Actions, GitLab*
Databases	*MySQL, MongoDB*

PROJECTS

Restaurant Management Website | GitHub *Jan 2026 – Mar 2026*
Project Lead

- Built a fully responsive restaurant website spanning 6+ pages — Home, About, Menu, Gallery, Contact, and Table Reservation — using HTML, CSS, and JavaScript.
- Applied Object-Oriented and modular JavaScript patterns to structure page logic and keep components reusable across pages.
- Implemented 4+ interactive features, including a dynamic navigation menu, image gallery, contact form validation, and smooth scrolling.
- Tested layouts across desktop, tablet, and mobile breakpoints to confirm consistent behavior before deployment.
- Technologies: HTML, CSS, JavaScript

ACHIEVEMENTS

- CodeChef — Rated 841, participated in 8 contests, solved 164+ problems.

CERTIFICATES

CodeChef — Completed all practice problems of 500 difficulty rating *Sep 2025*

EXTRACURRICULAR

- Actively practice Data Structures and Algorithms (DSA) and participate in coding contests and hackathons to sharpen problem-solving skills.
- Attend technical workshops, webinars, and seminars on Artificial Intelligence and Web Development.
- Collaborate with peers on academic and personal software projects using Git/GitHub, continuously exploring new tools through self-learning.

ADDITIONAL INFORMATION

Soft Skills	*Communication, Leadership, Teamwork, Problem Solving, Critical Thinking*
Languages	*English, Hindi*
